

SUBWAY DREAMING

By Roger Minick

In August of 2010, photographer Roger Minick visited New York City, where for ten days he rode the subway every day, often multiple times. Already a huge fan of the iPhone, Minick quickly discovered that its primary purpose as a phone offered just the right amount of cover or invisibility while making images with it's camera of fellow travelers on the subway.

Later, after applying a black and white app to these images, the book SUBWAY DREAMING was born—a personal take on a fantastical, subterranean world where even the most intrepid traveler can't help but believe they have entered a parallel universe.

Perambulation Press offers SUBWAY DREAMING in a limited edition of 100. The book (51 high-quality B&W reproductions) is hardbound (9"x11") with dust jacket, and includes an original, signed and numbered 13"x13" print from the book, purchaser's choice. Signed and numbered book and print: \$200.
